

Qualification Acquirer List

Total Number of Employees: 95

As of May 2013

No.	Qualifications	No. of People	No.	Qualifications	No. of People
1	1 st Grade Plumbing Construction Management Engineer (Administration)	4	34	Class B Hazardous materials officer, type 4 & 2	40
2	Waste Disposal Facility Management Technology Administrator (Garbage-Disposal Facility)	7	35	2nd Grade Boiler Engineer	16
3	Waste Disposal Facility Management Technology Administrator (Intermediate Treatment Facility)	11	36	Energy Management Employee Training / Electricity and Heat Management Training	5
4	Waste Disposal Facility Management Technology Administrator (Final Disposal Site)	6	37	Oxygen Deficiency, Hydrogen Sulfide Dangerous Work Operations Chief Training	51
5	Waste Disposal Facility Management Technology Administrator (Human Waste & Sludge Recycling)	7	38	Drying Equipment Operations Chief	6
6	Crushing and Recycling Facilities Technology Administrator	3	39	Forklift Operation Skill Training	17
7	Septic Tank Equipment Mechanic	4	40	Specific Dust Work Special Education Training	3
8	Sewage Treatment Facility Management Engineer	2	41	Gas Welding Skill Training	42
9	Sewer Supervision Technology Certification Exam (Treatment & Pipe Line)	2	42	Ark Welding Special Education Training	38
10	Technical Certification, Type 2 & Type 3 (Japan Sewage Works Agency)	11	43	Slinging Work Skill Training	33
11	Licensed Electrical Engineer, Type 3 (Type 3 Electric Utility Chief)	1	44	Sewer Drainage Construction Engineer	3
12	Dioxin Pollution Control Manager	1	45	Organic Solvent Chief Worker Training	17
13	Pollution Control Manager, Type 1, 2 & 3 (Air and water quality related)	1	46	Water Tank Cleaning Worker Training	3
14	Water Technologies Administrator	6	47	Specific Chemical Substances / Alkyl Lead Chief Worker Skill Training	23
15	Dam management chief technical training completion	1	48	Safety Officer (Okinawa Labor Standards Association)	11
16	1 st & 2 nd Grade Construction Industry Accounting Administrative Officer	1	49	Fire-Prevention Manager	10
17	Electric Work Specialist, Type 1	4	50	Specially Controlled Industrial Waste Management Responsible for Training	4
18	2 nd Grade Plumbing Construction Management Engineer	9	51	Quality Control Manager (US Forces)	1
19	Septic Tank Qualified Person / Septic Tank Technology Administrator	6	52	Construction Engineer Safety and Health Management Course (US forces)	5
20	1 st Grade Cremation Technology Qualified Person	4	53	Advanced Level & Basic Level Lifesaving Certification	16
21	Health supervisor, Type 1	7	54	Refrigeration Equipment Safety Management Certificate, Type 3	4
22	Class A fire protection engineer, Type 1, 2, 3 & 4	3	55	Specific High-Pressure Gas Persons Responsible (Chlorine)	3
23	Pollution control manager, Type 4 (Water quality and air-related)	4	56	1 st Grade Plumbing Professional Skills (Construction Plumbing)	1
24	1 st Grade Boiler Engineer	1	57	High-Tension Electricity Handlers Special Training	2
25	Electric Work Specialist, Type 2	1	58	Low-Tension Electricity Handlers Special Training	11
26	Cleaning Facility Construction Management Engineer	16	59	Small Mobile Crane Operation Skills Special Training	32
27	Cleaning Facility Construction Chief Engineer	3	60	Floor-Operated Crane Driving Skills Training	5
28	Machinery, equipment and installation work chief engineer	7	61	Overhead Traveling Crane	1
29	2 nd Grade Cremation Technology Qualified Person	5	62	Crane Operator	4
30	Dioxin Worker Special Education Instructor	2	63	Mobile Crane Operator	3
31	3 rd Water facilities management engineer	6	64	Crane Operator Special Education	4
32	Fire fighting equipment inspection qualification, Type 1	7	65	Hoist Crane Special Education	1
33	1 st Grade Civil Construction Management Engineer (Supervision)	3	66	Vehicle-based Construction Machinery Driving Skills Training	15
